NO ARGUMENT NEEDED.

Every Sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches do not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease, and local applications, if they accomplish anything at all, simply give transfer, seller

The catarrhal poison is in the blood and the mucus membrane of the nose, throat and trachae tries to relieve the system by secreting large quantities of mucus, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Eutachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

and lung troubles.
A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison

and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guajacol, Sanguinaria and Hydrastin, and while each of these has been successfully each of these has been successfully used separately, yet it has been diffi-cult to get them all combined in one palatable, convenient and efficient form.

palatable, convenient and efficient form. The manufacturers of the new catarch cure, Stuart's Catarch Tablets have succeeded admirably in accomplishing this result. They are large, pleasant tasting losengers, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarch remedies, Stuart's Catarch Tablets contain no cocaine, oplate or any injurious drug whatever and are equally beneficial for little children and adults.

have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers, and powders for months at a time with only slight relief and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure.

Last spring I read an account of some remarkable cures made by Stuart's Ca-tarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting an-noyance of catarrh; my head is clear, my digestion all I could ask and my hearing which had begun to fall as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. CACHE COUNTY EVENTS. Sugar Factory Brings Joy-Will Also

Have a Cannery. Special Correspondence. Logan, Cache Co., Nov. 20.—The peo-ple of this city feel overjoyed at the announcement today that the sugar factory site offered by the Logan peo-ple had been accepted. This means that the hitherto unprofitable crop of wheat which this county has produced will be turned into the better paying industry of sugar beet raising. It also opens up the way for the proposed canning factory, which has been held in abeyance until the settlement of the sugar factory question. Your correspondent has been informed by gentlemen in a position to know that now a canning factory is a certainty for this citythat sufficient capital has been promised to insure its erection in the near future. Much of the bench land hereabout is adapted to the culture of fruits of various kinds, which, in connection with the thousands of bushels which now go to waste every year, give promise of a plentiful supply for the proposed factory. It is said that the factory will be able to preserve the product of 300 acres of peas alone, and the value of land in this vicinity may be expected to enhance considerably in value during the coming year. Alto-gether the outlook for the Cache valley farmers is most encouraging, and will bring prosperity to the whole com-

ACQUITTED AND RE-ARRESTED On Charge of Burglarizing Cisco

Station-Death of Clyde Hibbs. Special Correspondence.

Moab, Grand Co., Nov. 19.—David Toliver, Justus Hatch and Lorenzo Hatch, Jr., all of Vernal, were, today, acquitted of the charge of burgiarizing the Cisco station on the Rio Grande Western railway. The boys, whose ages are 19, 21 and 23 respectively, do not appear to be "tough," especially does the Toliver boy appear to be a frank, open-faced youth whom none. frank, open-faced youth whom none would suspect of anything crooked. The Cisco station was entered the night of October 17 and the agent comcelled to open the safe. The robbers secured nothing of value. The above named boys were at that time camping not far from Cisco and immediately detectives centered on them as the guilty parties. Their trial, which has been a long one, and which has been bitterly fought, and as before stated in an acquittal. The jurors' names are Mathias Martin, M. H. Darrow, Lee

Kirk, John Watts, Myron Lance, Andrew Tangren, S. A. Taylor and Niel Ray. District Attorney Woods and County Attorney Borbin represented the State, while D. D. Houtz, A. C. Hatch M. M. Warner, J. McConnel and E. H. Ryan conducted the defense. Immediately after the discharge of the boys, United States Deputy Marshal Adam Paul placed them under ar rest on the charge of breaking into a United States postoffice, Cisco station

being the postoffice for Cisco precinct Mr. Paul, Special Detective Ketchum and other officers had been hanging around during the trial, but no one suspected that their purpose was to re-arrest the boys in case of an ouittal. Adam Paul gave it out that he was down here in the interest of some mining property in the La Salle mountins, so his sudden change to deputy marshal came as a great surprise, and the re-arrest caused some excitement and any amount of comment. Mr. Paul at first decided to take the boys on to Price tonight, there to have a hearing before a United States commissioner, but we learn later that they will not
